

SNC[®]

C-130 Avionics Modernization

Extensive C-130 Experience

Sierra Nevada Corporation (SNC) has extensive C-130 design, integration, test, certification and modification capabilities. Driven by the schedule and capability demands from Special Operations Forces (SOF), innovation, speed and performance are what separate SNC from the competition.

Extending C-130 Capabilities

SNC specializes in bringing new capabilities to the proven C-130 aircraft. Our innovative avionics and mission upgrades enhance C-130 operations, increasing capabilities to satisfy the ever-changing battlefield threats and requirements. From flight deck upgrades to mission system integrations, SNC increases the C-130 aircraft's effectiveness.

C-130 Modification Experience
