- SIGINT payload
- Tactical Communications Center

MEETING CRITICAL ISR NEEDS

The SNC Scorpion is a highly adaptable, multi-mission platform capable of worldwide maritime, border security, law enforcement and intelligence, surveillance and reconnaissance. The aircraft's modular design approach allows SNC Scorpion to be quickly reconfigured for special mission requirements. Ground crews can change the aircraft configuration from an airborne surveillance image collection platform to a cargo or passenger configuration platform in less than six hours.

MISSION FLEXIBILITY

- The Choice of Law Enforcement
- Highly capable maritime, border security, law enforcement & ISR special mission aircraft
- Quick role change allows multi-tasking from same platform
- Currently in production & FAA certified
- Low-cost acquisition with comprehensive warranty, support package & training

MISSION TYPES

- SAR Missions
- Maritime Missions
- Border Surveillance
- Intelligence, Surveillance & Reconnaissance
