Anything as a Service (XaaS)

Tailored Solutions, On Demand

SNC is revolutionizing how organizations and governments access cutting-edge technology through our Anything as a Service (XaaS) solutions. Our unmatched expertise in delivering software-driven, mature products allows seamless integration, whether as stand-alone solutions or in combination with third-party applications, all tailored to meet complex mission requirements. In addition to software, SNC provides a diverse range of crewed and uncrewed platforms as a service, addressing unique operational ISR needs globally.

Anything as a Service

Tailored Solutions, On Demand

Anything as a Service (XaaS)

OVERVIEW

Our XaaS approach delivers exactly what you need, when you need it—including software, hardware, platforms, or integrated solutions. Pay only for what you use, with scalable options that evolve with your mission.

Key Features

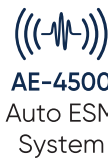

- Flexible Delivery & Subscription Models
- Seamless Integration for Rapid Deployment
- Cost-Effective Innovation
- Trusted by Industry Leaders on Large Programs

Global Mission Threads

- Contractor-Owned, Contractor-Operated (COCO) Aerial Intelligence, Surveillance & Reconnaissance (A-ISR)
- Electronic Warfare (EW)
- Multi-Domain Information Warfare (IW)
- Tactical Intelligence

PRODUCT PORTFOLIO

Software-Driven Solutions. SNC's Next-Gen EW and SNC Digital Grid™ solutions are designed to provide secure, integrated systems in a variety of form factors.

Uncrewed Systems. SNC's platforms span the development and integration of uncrewed aerial systems (UAS), uncrewed surface vessels (USV), handheld controllers, and autonomous high-altitude balloons (HABs).

A-ISR Crewed Platforms. ISR system design, integration, modernization, operations, and maintenance across DOD and nation partners for crewed platforms including business jets, helicopters, and turbo props.
